Dean's Office Forms ABET Visit Committee

October 4-6 has been slated as the official dates for the visit by the evaluators from ABET, Inc. Please take care to limit travel during this time and plan to be on campus for potential ad hoc meetings with the evaluators. Additionally, with these dates fast approaching, the Executive Committee felt it would be wise to form a small committee aimed at coordinating and streamlining the visitation process and acting as an informational resource for all departments. Making up this committee are Rand German, Cindi McClain and Carly House. This team will be working to keep you informed of visitation schedules and important information prior to and throughout this visitation process.

Program Evaluators, Team Chair Named

The Program Evaluators and EAC Team Chair for the ABET Visit have been named. Please look to future issues of this update for a link to complete biographies for each ABET EAC Team Member. Their names are as follows:

EAC Team Chair:

Elizabeth A. Judson, Ph.D.

AE/EM Evaluator:

Aaron Byerley, Ph.D.

Civil Engineering Evaluator:

Neeraj Buch, Ph.D.

Computer Engineering Evaluator:

Doug Jacobson, Ph.D.

Construction Engineering Evaluator:

T.B.D.

Electrical Engineering Evaluator:

John A. Brogan

Environmental Engineering Evaluator:

Richard Watson

Environmental Engineering Observer:

Mark Cal, Ph.D.

Mechanical Engineering Evaluator:

Kenneth Ball, Ph.D.

ABET Update #1

The value of a SDSU Engineering Degree is partially contingent upon the accreditation of its programs.

Dean's Conference Room to be booked for ABET Evaluators

Throughout the ABET visitation process, the Dean's Conference Room will be booked as the headquarters of the ABET Evaluators. Please plan accordingly and be advised that no other events will be booked in the conference room during this time.

Questions?

Any questions regarding the ABET Visitation Schedule or process can be directed to any of the committee members. We will do our best to provide you with the most up-to-date information possible.
