

PUMPKIN DROP

November 9th, 2016

1-3PM

**AZTEC STUDENT UNION
COURTYARD**

\$150

Prize for Winning Team

The goal of the pumpkin drop competition is to design a contraption, enclosure, or apparatus to protect a pumpkin from damage when dropped from over **30 Feet High**. The team that sustains the least damage to the pumpkin, has the best design for the contraption, and has the most team spirit will be among our winning entries.

It's like an egg drop, but with **PUMPKINS**
